Manager McGraw Makes no Announcement as to Selection of Pitcher

By Bulletin Leased Wire.
NEW YORK, Oct. 8.—The local weather bureau had little encouragement to offer for tomorrow. Its forecast read: "Cloudy; probably rain; Thursday and Friday, east winds."

Philadelphia Athletics for the day. The team, which arrived here from Philadelphia last night, was met by a heavy rain and a delegation of several hundred fans. A mighty shout greeted Christy Mathewson when he stepped from the train. "Big Six" was hurried through the crowd to a taxi cab. Merkle limping badly, leaned on the arm of Jim Thorpe. Meyers' wrist and split thumb were tightly bandaged.

"Where we are," said McGraw; "but we look badly battered," nodding towards Merkle and Meyers.

"Who is going to pitch for the

New York. I should like to see that man pitch a ball of good enough for me in comparison with what my opponents have left in their hands," McGraw replied cheerfully.

The Giants went to their homes to rest and recuperate.

What Comic Mack Says.

Manager Mack and his Abolitionists are not at all satisfied with the Giants got in. They were accompanied by about seventy-five Philadelphia fans.

Mack, when asked whom he would select to pitch tomorrow with Henkle and Plaster on the mound, replied: "I don't know. I will have to wait. The team is in good condition," he said, "and needs no day of rest which would be a disadvantage. I don't want to be forced on the players by rain tomorrow."

SOUTH DULUTH CHURCHES GROW.
Metropolitan Methodist Sunday School had 182 at their Sunday School last week. The population of South Duluth is high among the Methodist Sunday Schools of the city.

St. Andrew's Episcopal Sunday School has grown so that it has been found advisable to divide it into Primary, Junior and Senior classes.

More than one Knox has had the highest enrollment of the Presbyterians Sunday School in the city.

South Duluth Sunday schools have been flourishing around the edge of the South Duluth tract.

The Sunday School of the South State is growing as a result of the general growth of population in that part of the city.

The growth of the Sunday School of the South State is also due to the growth of the South State emigration. This growth is evidenced in building of new churches here, in the fact that the first church here is being replaced by Holy Trinity congregation.

Metropolitan and the congregation of St. Andrew's Roman Catholic Church has a fund collected toward the building of a new church.

RELIGIOUS MANIAC KILLS THREE AND COMMITTS SUICIDE

**Youthful Church Worker in Liverpool Amnuk With Loaded Revolver
HIS VICTIMS ALL ARE
CO-WORKERS IN CHURCH**

**Before Shooting Them He First
Battered Their Bodies With
a Bludgeon**

Liverpool, Eng., Oct. 8.—In a fit of religious mania a youthful church worker here, William McDonald, attacked with a loaded revolver and killed three of his fellow church workers. He then committed suicide.

McDonald paid a round of visits to the residences of his colleagues in the church work last night, and shot them down in turn after battering their bodies with a bludgeon.

Apparently there were no witnesses of the series of tragedies. The empty revolver and the bludgeon were clasped in McDonald's hands, when his body was discovered by a policeman.

The four young people were active workers for a sect known as the Church of Humanity. One of the victims was Miss Cromton, daughter of the late Rev. J. H. Cromton, formerly pastor of the Church of Humanity. She was the leader of the Liverpool Pentecost and was McDonald's religious tutor. It was in her room that the maniac committed suicide.

DEPUTY SHERIFF IS KILLED BY STRIKERS

**Copper Mine Strikers Shoot Sheriff
in Back and Then Club
Him to Death**

Calumet, Mich., Oct. 8.—James Pollack, a deputy sheriff, was killed this morning by a copper mine striker at the late Royal mine, near Calumet. He was shot in the back of the head, and attacked with a bludgeon by ten men, and died an hour later.

Pollack was found by other deputies shortly after the attack, lying beside a road. He had been so badly wounded that his brains were visible.

Sheriff Cras had made an arrest, and expects to apprehend all the men involved in the killing today. The strike has caused much excitement in the late Royal district, and feeling runs high.

Pollack, whose parents reside at the Atlantic mine, was particularly active as a deputy, and had incurred the wrath of the strikers by arresting six of them in a fight a few days ago. He was thirty-three years old.

Street Railway Men's Association on Presents Statement to the City Commissioners Showing Detail Expenditures Required to Live Simply in Edmonton

(From Last Evening's Edition.)

Does it cost \$1,500 a year for a family of five to live in Edmonton?—and live simply!

The street railway men's association says so, and to prove it has prepared a statement giving such detailed expenditures. This statement was presented to the city commissioners yesterday, and it was used as an argument by the men as to why they should be granted an increase in wages.

It would be interesting to know the experience of others beside the street railway men, as to the cost of living in Edmonton. How does your yearly bill compare with the following statement by the street railway men's association?

BABY'S COMFORTERS ARE GERM INFESTED

On Analysis Comforter Found to Contain Seven Million Germs—Illegal in France

London, Oct. 8.—An amusing vision of comforters of the front bench of the House of Commons, each with a baby's comforter, during the dinner of the House of Commons, is pictured up by the remarks of Mrs. Hyton Dale at the National Union of Women Workers conference yesterday. She said she had bought up practically all the baby comforters there were in the country, and had sent one to each member of the House of Commons, with a statement that they were the inventions of the devil, that they were illegal in France and should be made so in England.

Miss Hume said the comforter on analysis contained some seven million germs. Dr. Mary Sturrock added that she was inclined to burn down all the factories making them.

PANAMA CANAL IS READY TO WFOR SHIPS

Big Fleet Being Prepared to Destroy Canal Zone—Cuba's Navy

Panama, Oct. 7.—Charges of dynamite were placed today in over 1,000 holes which had been drilled in the Panama Canal, preparatory to its destruction. Each hole contains from 10 to 100 pounds of dynamite, and the aggregate is the largest that ever shot off in connection with the canal.

The inflow of water from the lake through the discharge pipes is causing the Canal Zone to fill rapidly, and it is estimated that there would be only five feet left between the level of the lake and the Canal Zone on the morning of October 10, when the dynamite is to be blown up.

Fifteen units of the Atlantic fleet have been ordered to go through the Canal locks on October 9, for the purpose of removing the remainder of the dynamite after the explosion.

Military forces on the Pacific side, is rising rapidly, and it is considered probable by the officials that in case of urgency a boat could be passed through the entire canal some time this morning.

ASSUMPTION IS NO NAVAL EMERGENCY NOW EXISTS

South Africa Newspapers Comment on Lackwarranted of Imperial Government on Naval Matters

London, Oct. 8.—The announcement in the Cape Town Telegraph that it will be of no avail to have a naval conference, occasioned some surprise, and it is considered as being indicative of the Imperial government. It is surmised that Premier Botha has called a conference to discuss the South African naval policy, and inquiries in connection with the matter, to elicit the statement that the government does not intend to abandon the present position, but rather accept that it is held as soon as possible.

The Cape News (Cape Town) says that it is not thought worth while to hold the conference, the naval policy being to be in the opinion of the Imperial government. Will Make No Effort TO SETTLE THE STRIKE

Hon. T. W. Crothers Tells Labor Deputation Situation on Vancouver Island Is Hopeless—Expulsion of Immigration of Strikers Rejected

OTTAWA, Oct. 7.—In an interview with Hon. Thomas Crothers, minister of labor, and Hon. Dr. Roche, minister of the interior, the executive officers of the Trades and Labor Congress of Canada reached an understanding with reference to the effect of a recent decision of Justice Gauthier of Halifax, who held that immigrants could be admitted by Canada if they had in their possession the amount of money held by statute, even though the money had been loaned to them by employers upon their arrival with the understanding that it would be paid back.

This decision was rendered in connection with the importation of photo engravers to take the places of the striking photo engravers in Toronto and Montreal. Hon. T. W. Crothers announced that the decision of Justice Gauthier would have no bearing upon immigration legislation in the future. He pointed out that there was an oversight in the law, and that the minister would have no bearing upon immigration legislation in the future.

In reply to questions, the minister stated that he had gone thoroughly into the situation on Vancouver Island, and that the operators were not going to fight to the bitter end. He held out no hope to the labor delegation that the strike would be settled through his mediation.
